

MISSOURI QUALIFIED BIODIESEL PRODUCER GRANT WORKSHEET

PLEASE USE THE FOLLOWING STEPS TO DETERMINE THE GRANT AMOUNT FOR WHICH YOU MAY BE ELIGIBLE

Grant application for the month of _____

1. Enter the actual number of gallons of biodiesel produced from Missouri feedstock in the fiscal year to date, excluding the grant application month. (The fiscal year runs from July 1 to June 30).	
2. Enter the number of gallons of biodiesel produced from Missouri feedstock in the grant application month, up to a cumulative total of no more than 15 million gallons for the fiscal year (i.e. this line added to line 1 should not exceed 15 million gallons.)	
3. Multiply line 2 by 30 cents per gallon.	X .30 = \$
4. Enter the number of gallons of biodiesel produced from Missouri feedstock in the grant application month that exceed 15 million gallons for the fiscal year but that do not exceed a total of 30 million gallons for the fiscal year (i.e. this line added to lines 1 and 2 should not exceed 30 million gallons.)	
5. Multiply line 4 by 10 cents per gallon.	x .10 = \$
6. Add lines 3 and 5. This is your ESTIMATED GRANT for the month.	\$
